

## December 2020 Newsletter

### Christmas Concert

The Christmas Concert is something we look forward to every year. With our Covid policies still in place we will have to do things a little differently this year which means our concerts will be virtual. We will have a designated time for each class and will offer parents the option of watching live via Zoom during their child's time slot. We will also be recording these concerts and posting them to your child's tadpoles for you to see if you are unable to make the live viewing. Classes with part time children will be participating on both concert days so that all children can participate. Zoom links will be sent out to your email over the next couple weeks.

### Holiday Attendance

We have sent out links for our Holiday Attendance Sign up Genius. Please fill these out letting us know what days you plan on being here. This will help with scheduling teachers time off for visiting their families.

### Conferences

We are also working on sending our Sign up Genius links for scheduling conferences. These conferences are not mandatory but give parents and teachers the opportunity to discuss academic growth of the child, goals for the future and any concerns either might have.

If you have any questions, please feel free to ask a member of management at any time

**Thanks, and Happy Holidays! -Ms. Liz, Ms. Jamie, Ms. Hilda, and Ms. Kayla**
